A Message from Dr. Rulin Xiu

I formulated this product to help you relieve constipation – without endangering your health. Based on an ancient Tibetan remedy, my 100% herbal formula supports normal elimination, reduces cramping, gas and bloating, and eases heartburn.* Randomized human clinical trials indicate it has an efficacy rate of over 90%.

I'm Dr. Rulin Xiu, and the goal of my products is to nurture your body systems so you don't need to take anything – not even my products – once you're well.

Dr. Rulin Xiu
Founder, HiQi Health

REGULARITY AS NATURE INTENDED
