Certified Organic Hawaiian Noni Juice

A Message from Dr. Rulin Xiu:

I formulated this product to support all aspects of your health – from your immunity, to your digestion, to your cellular health.* Unlike other noni products, which are diluted with water or fruit juice, my formula is 100% pure, fresh-pressed, certified organic noni juice and nothing else!

Because it grows in mineral-rich volcanic soil, Hawaiian noni is more potent than noni from any other part of the world. Published research shows Hawaiian noni supports the immune system, improves digestive health and cleanses body tissues at the cellular level.* It may also help you shed unwanted pounds.*

I'm Dr. Rulin Xiu, and the goal of my products is to nurture your body systems so you don't need to take anything – not even my products – once you're well.

HiQi is pronounced "Hi-Chee" and refers to enhanced energy, health and vitality.

A Message from Dr. Rulin Xiu:

I formulated this product to support all aspects of your health – from your immunity, to your digestion, to your cellular health.*

Using proprietary, low-heat vacuum condensation technology, I developed a way to extract the excess fluid from noni juice. The result is a product that is three times stronger than regular noni juice!

Because it grows in mineral-rich volcanic soil, Hawaiian noni is more potent than noni from any other part of the world. Published research shows Hawaiian noni supports the immune system, improves digestive health and cleanses body tissues at the cellular level.* It may also help you shed unwanted pounds.*

Noni - Goji Health

support

A Message from Dr. Rulin Xiu:

I formulated this product to give you the benefits of two of the most revered fruits in the world – noni fruit from Hawaii and goji berry from China. This product does not contain added water, sugar, or fruit juice – just 100% pure, fresh-pressed certified organic noni juice with goji berry extract.

Hawaiian noni's strong cleansing effect complements goji berry's deep nourishing action, making Noni-Goji a powerful way to enhance immunity, support healthy blood sugar and cholesterol levels, nourish and cleanse the body and encourage happiness, strength and energy.* It may help those with weight problems shed unwanted pounds.*

I'm Dr. Rulin Xiu, and the goal of my products is to nurture your body systems so you don't need to take anything – not even my products – once you're well.

A Message from Dr. Rulin Xiu:

I formulated this product to provide you with the amazing benefits of the noni fruit – without the typical noni smell and taste. My research was the first to discover that noni seed is rich in antioxidant flavonoids and alpha-linolenic acid, both essential to overall health.*

I'm Dr. Rulin Xiu, and the goal of my products is to nurture your body systems so you don't need to take anything – not even my products – once you're well.
